

The Annual RPIA ProAm, taking place on Friday, September 13th, 2024 will feature an Exclusive Tennis Academy with International Celebrity Professionals including:

Andy Ram— Former Doubles World No. 5, 3 time Doubles Grand Slam Champion- Australian Open, French Open, Wimbledon, former Israel Davis Cup Player and ITEC Alumnus

Harel Levy— Former Singles World No. 30, 2000 Toronto Masters Finalist, former Israel Davis Cup Captain and ITEC Alumnus

All proceeds from the event will support a unique Israel **Tennis & Education Centers (ITEC)** program for displaced children from Kiryat Shmona, the largest city in northern Israel (3.5km from Lebanon’s border). Over 22,000 residents from this city have been evacuated from their homes since Oct. 7th. They are facing an uncertain future, and with the likelihood of an imminent war in that region, tens of thousands of families are not expected to return to their homes for many months to come. Displaced children are experiencing fear, loss of routine, community separation, interrupted education, and significant mental health issues. ITEC is mitigating these impacts by offering these children enriching and structured programming, providing tennis, fitness, and resilience-building activities to support their mental health and to help them disconnect from the turmoil surrounding them.
