SPONSORSHIP PACKAGE

In support of

ABOUT ITEC

For nearly 50 years, the **Israel Tennis & Education Centers (ITEC)** has been transforming the lives of children living in Israel's most underserved communities. With 24 locations across the country, **ITEC** provides safe spaces where kids from all backgrounds can learn, grow, and feel like they belong. In neighbourhoods facing high rates of poverty, unemployment, and limited access to quality after-school programs, **ITEC** offers something many children don't have—support, stability, and opportunity.

Today, **ITEC** is standing by thousands of children and families who need us most. Through sport, play, and trusted mentorship, we help kids heal, connect, and grow into more resilient, confident young adults. Our Centers are filled with the sounds of laughter, the comfort of shared meals, and the warmth of community. For every child who walks through our doors, **ITEC** is more than a program—it's a second home.
